MR. MORRISON, of Illinois, is managing Mr. Carlisle's canvass for the Speakership.

The slaughter of birds, rabbits and other small game throughout the State is immense.

YELLOW fever is slow in disappearing from Havana. There were twenty deaths the past week.

THERE were two hundred and forty-seven business failures in the United States last week.

H. P. THOMPSON, of Clark county, expects to handle a million pounds of tobacco this season.

ALASKA wants Congress to establish a civil government over the territory. We suggest that Mahone be made the Governor.

BOB FORD, the murderer of Jesse James, has mysteriously disappeared, and hopes are entertained that it has been a case of "removal."

A MONUMENT is to be erected in the cemetery at Urbana, O., over the remains of Simon Kenton. The Legislature of Ohio made an appropriation for the purpose.

SIXTY-ONE Congressmen have reported at Washington to date. Of this number thirty-one are outspoken for Carlisle, sixteen for Randall, twelve for Cox, one for Springer, and three non-committal.

COVINGTON and Cincinnati will be united by a fourth bridge for the C. & O., K. C. and L. & N. roads. There will be a roadway for wagons and a path for foot passengers, the latter free. Covington will give \$250,000.

It is the expectation in Paris that the decree forbidding the importation of American pork into France will soon be withdrawn, in conformity with the report of the Hygienic Committee. Dr. Broadel states that the cases were produced by German meat.

The experiments of making sugar from sorghum by the Agricultural Department in Washington, have resulted in the manufacture of eleven thousand pounds of sugar at a cost of a dollar a pound. The result is regarded with satisfaction, inasmuch as the sugar made by the Department last year, cost five dollars a pound, and that the year before ten dollars a pound.

Says the Lexington Transcript: It has been wisely said that if the citizens are united the city will grow, divided it won't, and that's the long and short of it. Nothing makes a city brisk and thrifty like united action in all those things wherein a harmony can be exercised. It won't do to try to build up self alone; lend a helping hand to others, and that brings strength to yourself and growth to all interests. A lot of old misers and old fogies never yet made a great city, a great country or a grand government. It is the enterprising, the warm-hearted and the men of fact who are the mainsprings of important cities of the country.

A patent medicine manufacturer died in New York last week. Before he died his friends asked him how he would like to be buried. He had strength enough left to say: "Insert me top column, next to reading matter, fifty-two times, electro by mail."

The most profitable industry of the new Swedish colony in Aroostook county, Me., is that of raising potatoes for the starch factories, of which there are twenty-six. The largest of these made last year 392 tons of starch from 98,000 bushels of potatoes. The process of starch making is simple, consisting merely of grinding the potatoes, washing the pulp, and settling the starch in three vats successively after it has been thoroughly washed with clean water to remove all impurities. Furnace heat is employed for drying.

Here Will we Draw the Line.
A Nebraska widow with twenty-one children is advertising for a husband. There is great virtue in printers' ink; it has brought fortunes to men and women but we don't believe a double column advertisement, inserted next to reading matter every day for six months, would bring a husband to a widow with twenty-one children—unless the latter are kept in the background, or underground, or somewhere. We dislike to go back on a verting, but the line must be drawn somewhere.

For and About Women.
The Duchess of Edinburgh, daughter of the late Czar, is the brightest and most amusing talker of the British royal family. She says very funny things.

A man in Denver kissed a woman on the street, and she put out one of his eyes with an umbrella.

A Connecticut woman has written to the Emperor of Brazil and asks him if he won't please emancipate the slaves of that country.

A paper recently read before the Glasgow Sanitary Congress attributed nearly all the ill-health of women in the Scotch weaving districts to the excessive use of tea.

A Lafayette, Ind., lady—a model wife and mother—broke her husband of the saloon habit by walking up to the bar beside him and calling for the beer. She broke the awful silence, as they walked home, with the remark, "I love you, my husband, and if you are going to hell, I'm going right along with you."

The students in a female college in Milwaukee, Wis., are in rebellion because the authorities have forbidden the wearing of hoops and bangs. They have drawn up a set of resolutions stating that though teachers might have some control over the education of their pupils, they had nothing to do with their personal tastes or wishes.

A list of the rich women of New York recently published, shows that there are eighty-seven possessed of something like \$1,000,000. The richest are: Mrs. Edwin A. Stevens, widow of the Commodore, \$7,000,000; Mrs. Moses Taylor, \$6,000,000; Mrs. Marshall O. Roberts, Mrs. E. D. Morgan and Mrs. Cornelius Vanderbilt, \$5,000,000 each; Mrs. Sarah Burr, \$4,000,000; Mrs. James Brown, \$3,000,000. These ladies are all widows.

At Harrodsburg, in the case of the Commonwealth vs. E. D. Ball, for the murder of Jeff. Robards, the jury, after considering the matter thirty-six hours, brought in a verdict of manslaughter and fixed his punishment at four years in the penitentiary, much to the surprise of every one, as it was universally thought that they would find him guilty of murder or acquit on the ground of insanity, which was Ball's defense.

The war between the McKenzie and Risener factions has been renewed in Morgan county. Several persons belonging to each party met in White Oak, and at a distance of about sixty yards exchanged from carbines and big pistols. The marksmanship was a disgrace to Kentucky, as but one man was hit, the wounded man being a member of the Risener party and receiving a slight wound in the shoulder.

Johnson, of Virginia; Vice President, Senator Isham G. Harris, of Tennessee; Secretary and Treasurer, Hon. Casey Young, of Tennessee; Attorney, Senator Garland of Arkansas; Electrician, J. The inventor of these patents is J. Harris Rogers, electrician of the company.

Bad Smash Up.
LAKE, Ind., Nov. 25.—No. 2 express on the Michigan Central Railroad was passing a switch when the three hind sleepers were derailed and considerably damaged. One man, name H. E. Ellison, of Chicago, was badly bruised. The sleepers turned on their sides, having run into a freight car on the siding. It was a miraculous escape, as the train was running twenty-five miles an hour. The cause was a misplaced switch. The sleepers are badly used up.

St. Louis, Nov. 25.—The southern wall of the Union Depot warehouse, in course of construction, fell Saturday demolishing a scaffold and precipitating fifteen bricklayers and laborers a distance of twenty feet to the ground. Benjamin Arsfelter was fatally injured, his back being broken. Anthony Itner, son of the contractor, had his right arm broken; Frank Pete, had his leg broken and back injured. The others sustained lighter injuries.

Damage By the Floods.
St. Louis, Mo., Nov. 25.—The damage by the late rain storm to property in Randolph county, Mo., will reach \$100,000. The Iron Mountain Railroad is still obstructed between Piedmont and Poplar Bluff. At last advice three trains and nearly 200 passengers were at the latter point awaiting repairs to the track.

SIMMONS' MEDICATED WELL-WATER.

A Specific for Dyspepsia and Diseases of the Kidneys.

HAS been used with most gratifying success in many obstinate cases. Prof. F. W. Clark, professor of Chemistry at the University of Cincinnati says this water "belongs to the same class with that of the Allegheny Springs, of Virginia," the medicinal virtue of which are too well known to be stated here. Those who desire to try this famous water are referred to Captain C. W. Boyd, Levanne, Ohio; Captain C. M. Holloway, Cincinnati, Ohio; J. J. Helpe, Cincinnati, Ohio. MR. W. A. P. LUTY, one of our leading business men is announced elsewhere as a candidate for councilman in the first ward.

ONE more rubbed out. Another pig died with its boots on yesterday morning by trying to run on the same track with the street cars.

It occurs to us that it is about time the two fountains were put up, that were promised to the people of Maysville by certain liberal and public spirited citizens.

THE hog would be a good scavenger if he could be trained to trot outside the city limits before depositing his load. But as he doesn't do it he is a fraud in that respect.

THE marriage of Miss Mary Porter Warden to Mr. Will Thompson, will take place, at Maysville, to-morrow morning at ten o'clock. Misses Maggie and Lizzie Burrows, of this city will attend.

THE young converts, forty in number, were received into full connection with the Southern Methodist Church yesterday, and thirty-two of the number were baptised by the pastor, Rev. J. A. Henderson. Three others joined last night, making forty-three in all. The meeting will continue a few evenings longer. Preaching to-night.

MR. FRANK MILLER died at Aberdeen this morning at nine o'clock, of consumption, after a long illness. He was a man of kindly heart and had many friends in this city who will receive the news of his death with sincere sorrow. The remains will be interred at the Maysville cemetery to-morrow afternoon at two o'clock, under the auspices of the Knights of Pythias, of Aberdeen. We are requested to say that the Sir Knights, of Maysville, are invited to be present.

DEPUTY MARSHAL W. B. DAWSON, on Saturday, arrested Wm. Hartley, on the charge of stealing a horse from Jas. McLaughlin, of Carter county. When arrested Hartley had in his possession a horse that is believed to be the stolen animal, and he was charged with carrying a concealed deadly weapon. Hartley was arraigned before Judge Coons, this morning, and the case continued until next Wednesday morning.

AN old sow, this morning, raided the residence of Mrs. Julia Chenoweth, at the corner of Third and Limestone streets, and fairly took possession of the house. It was driven out with great difficulty, and refused to leave by any other entrance except the front door. At one time it contested itself under a bed, and savagely entangled every inch of vantage ground. Will you vote at the January election to continue to make such things possible in Maysville?

The Death of Joseph Throop.

The quiet community of Poplar Plains, in Fleming county, was on Saturday last, about three o'clock in the afternoon, startled by the sudden death of one of its leading and most respected citizens. Mr. Joseph Throop, an old and most exemplary and well esteemed business man of that place, suddenly fell dead, from heart disease, it is supposed, and was followed to the grave on Sunday by a very large concourse of the people of Fleming. Mr. Throop was born at Alexandria, Virginia, and emigrated with his parents to Maysville, Ky., in 1835, when he was but fifteen years of age. He finished his education in Maysville, served four years as Clerk in the Distributing Postoffice at that place, and then removed to Fleming county, where he became Sheriff, and was afterward elected Clerk of the County Court. In all these positions of trust and confidence he commanded the respect of the public as a pure minded, upright and just man. No man in the community was more respected and beloved by those who knew him well, and no man could have fallen before the great reaper, Death, whose loss will be more sincerely lamented by his associates and friends.

Ayer's Sarsaparilla thoroughly cleanses the blood, stimulates the vital functions, and restores health and strength. No one whose blood is impure can feel well. There is a weary, languid feeling, and often a sense of discouragement and despondency. Persons having this feeling should take Ayer's Sarsaparilla to purify and vitalize the blood.

Lost Faith in Physicians.

There are innumerable instances where cures have been effected by Scoville's Sarsaparilla, or Blood and Liver Syrup, for all diseases of the blood, when the patient has been given up by physicians. It is one of the best remedies ever offered to the public, and as it is prepared with the greatest care, as a specific for certain diseases, it is no wonder that it is more effectual than hastily written and carelessly prepared prescriptions. Take Scoville's Blood and Liver Syrup for all disorders arising from impure blood. It is endorsed by all leading professional men.

BAD, BAD, BAD BLOOD.

Some blood is bad because it is poor and weak. Some is bad because it contains impurities. Some men have such bad blood that the wonder is it does not poison the mosquitoes who come to bite them. The rich red color of good blood is owing to the iron which is present. Blood which has not enough iron in it is always unsatisfactory. The persons in whose veins it circulates cannot be said to enjoy good health.

The efforts of expert chemists to produce a preparation of iron which can be assimilated with the blood have resulted in that perfect preparation which is an important part of Brown's Iron Bitters. It is the only one which freely enters into the blood. It is the only one which accomplishes the desired good.

Weak, poor, thin blood may be made rich and strong, and impure blood may be purified by the use of that Great Iron Medicine, Brown's Iron Bitters.
